## MASS OCCUPATION OF JAPAN UNDER WAY

### No Courts Martial in Pearl Harbor Disaster is Planned

### DEMANDS FOR TRIALS TO BE DISREGARDED

### Chief Executive Declares in News Conference Entire Country Shares in Blame for Attack

### ROOSEVELT IS DEFENDED

By the Associated Press  
Washington, Aug. 30—(P)—President Truman announced today that he will not order courts martial in the Pearl Harbor disaster.

He said the entire country shares in the blame. As some congressmen set up a clamor for military trials to shed more light on America's greatest defeat in arms the president told his news conference:

"I think the country is as much to blame as any individual in this final situation that developed in Pearl Harbor."

That was his analysis to a news conference today after studying the official documents on investigations of the setback which this country suffered when the Japanese struck Hawaii Dec. 7, 1941. Mr. Truman authorized this quotation:

"I came to the conclusion that the whole thing is the result of the policy which the country itself pursued. The country was not ready for preparedness."

"Every time the president (Franklin D. Roosevelt) made an effort to get a preparedness program through the congress, it was stifled. Whenever the president made a statement about the necessity of preparedness, he was vilified for doing it."

"I think the country is as much to blame as any individual in this final situation that developed in Pearl Harbor."

Questioning brought from the president these additional points:

1. He has no objection to a court martial but will not order one.

2. He still favors a unity of command for the army and navy, as he always has, but has nothing further to say on that now.

3. The president agrees fully and completely with Secretary of War Stimson that aspersions cast on former Secretary of State Cordell Hull by an army board of inquiry were uncalled for.

4. Mr. Truman does not agree with Chairman May (D-Ky.) of the house military committee that the official documents on the Pearl Harbor inquiries constitute a "whitewash."

5. To protect sources of information, it remains necessary to withhold the full and complete record of the Pearl Harbor inquiries, including those of a commission headed by former Supreme Court Justice Owen J. Roberts.

6. The chief executive said he knew of no reason why persons blamed for the Pearl Harbor disaster could not make public their sides of the question without a court martial. He said he would not muzzle on them.

The president acknowledged that he had made a false statement which was not a statement of fact about Pearl Harbor while he was in the senate. In a magazine article last fall, Mr. Truman had said he and navy commanders at the Pacific bastion were not on peaking terms.

A reporter reminded him of that today.

Grimacing, Mr. Truman remarked that things come back to haunt you.

Apparently, from the now public reports, he said, what he had written for the magazine was not statement of fact. But, he added, was based on the best information.

Smethport, Aug. 30—(P)—Apprehended by state police after months of arduous investigation, 12-year-old Port Allegany boy as quoted by police today as saying that he had set fires for the thrill of seeing flames and hearing the sirens scream.

He was held for a juvenile court hearing before Judge Charles G. Hubbard in connection with fires using \$300,000 to \$400,000 damage at Port Allegany.

The investigation was started after a series of fires occurring here last fall. McKean County detective Merle Dickinson said a boy mentioned four fires in his statement. The most serious were

### Truman Notifies Congress 42 Billion In Lend-Lease Should Be Written Off Books

By JOHN M. HIGHTOWER  
Washington, Aug. 30—(P)—President Truman notified congress today that the more than \$42,000,000,000 this country spent on lend-lease aid to its allies should, in the main, be written off the books.

The reason—made clear in a lengthy report Mr. Truman sent to Capitol Hill—is that the administration believes the United States received three things more important than a dollar basis settlement. They are:

1. Victory over Germany and Japan.

2. More than \$5,600,000,000 through last March in reverse lend-lease.

3. A commitment from all nations receiving lend-lease to join in organizing postwar international trade on the basis of lowering barriers.

In a letter accompanying the report, Mr. Truman told the lawmakers:

"With the defeat of the Axis powers whose ruthless plan for world conquest and enslavement came so close to succeeding, the United States has realized the major objective for which lend-lease aid has been extended."

The president has ordered lend-lease operations halted, effective V-J Day, and already has ordered requests for supplies which formerly would have been ordered under the mutual aid program.

Meanwhile, arrangements are being worked out with lend-lease countries to switch their commerce over to a peacetime basis. American officials will begin conversations with a British delegation next week for some sort of credit settlement.

Summing up the gigantic program, Mr. Truman said: "Each of our principal fighting partners has contributed to the pool of armed might in accordance with its full abilities and capacities."

Now, he added, the lend-lease arrangements are being wound up in an "expedient and orderly manner, subject to military needs for the movement of troops or for occupation purposes."

The report itself was even more specific on the question of final settlement.

"The overwhelming portion of lend-lease aid which now totals over \$42,000,000,000," it said, "has been directly consumed by our Allies in the war."

It added that "so huge a debt would be added to the enormous financial obligations already incurred by foreign governments 'it is unsalable goods before termination of the war.'"

Gelder, informed of Wagner's statement, commented that the auditor general "doesn't seem to be sticking to the facts."

Apparently he is trying to stir up a storm of publicity with eye on running for governor," Gelder said.

Byron Price, former executive news editor of the Associated Press, was called by President Roosevelt to organize and take over the wartime office of censorship shortly after Pearl Harbor. The censorship office was abolished with Japan's capitulation.

MARTIN AT LAURELTON  
Laurelton, Aug. 30—(P)—Governor Martin voiced a demand last night that government "should arbitrate and as a laboratory for keep out of business except as an economical progress."

He made the statement in an address at a Union county Republican rally outlining a "four-point program for the days of peace."

BARBARA FREE AGAIN  
Los Angeles, Aug. 30—(P)—Barbara Hutton, thrice-married dime store heiress, was granted a divorce today from Cary Grant in a brief hearing at which the British-born film actor did not appear.

PER CAPITA INCOME DOUBLES DURING WAR  
Washington, Aug. 30—(P)—Per capita income in the United States practically doubled during the war. The commerce department said so today in a survey of income payments to individuals during the years 1940 through 1944.

The survey showed per capita income for individuals jumped from \$75 in 1940 to \$117 in 1944, or an increase of 94.3 percent. The figures were reached by dividing the total income by the civilian population.

TAKES SUICIDE PLUNGE  
Pittsburgh, Aug. 30—(P)—Frank W. Pint, 27, a warehouseman, plunged to death from the 150-foot-high Schenley bridge in Schenley Park today, the coroner's office reported. Witnesses said he climbed the bridge railing and without hesitation plunged down headlong, landing on a hillside.

Pint's father told police he knew of no reason for his son's act.

ACE BOYINGTON IS RESCUED BY MARINE CREW  
Harrisburg, Aug. 30—(P)—Four proposed amendments to the state constitution which will be submitted to the voters in November were assured of support by the Democratic state committee.

The amendments endorsed yesterday by the executive committee of the Democratic organization would:

1. Restrict the use of state motor funds.

2. Provide that local election boards be chosen at municipal elections for two year terms instead of annually.

3. Make sheriffs eligible to succeed themselves.

4. Authorize a postwar bond issue of \$50,000,000 for public works projects.

David L. Lawrence, state chairman, presided at the meeting.

### The End of the Long Road Back

Today Old Glory flies over Tokyo, symbolizing not only the historic Allied victory over Japan, but the personal triumph of one of the world's greatest soldiers—General of the Army Douglas MacArthur, who not only returned to the Philippines, as he promised, but kept on going right up to the emperor's palace in Tokyo.

### Reduction Shown in Combat Casualties

Washington, Aug. 30—(P)—Revisions and deletions in combat casualties reported by the Armed Forces today produced a reduction of 274 from last week's total.

The new figure, which is not final, is 1,070,545 as against 1,070,819 for the preceding week. The current total includes 923,284 for the army and 147,261 for the navy.

The army report represented a decline of 187. The navy total dropped 77.

### Predicts Six Million Idle By Year's End

Washington, Aug. 30—(P)—Establishment of a national unemployment compensation standard and received strong endorsement today from John W. Snyder, director of War Mobilization and Reconstruction.

Snyder told the house ways and means committee unemployment reconversion probably will total six million by the end of the year and eight million by early spring.

And that sharp reduction in the living standards of displaced workers is threatened.

The committee is hearing witnesses on a bill to standardize jobs pay at \$25 a week for 26 weeks.

"The return to peace is part and parcel of the war," Snyder said in his prepared testimony. "The human as well as the material costs of transition are costs of war. We have recognized this fact in the programs for assistance to business and veterans. We cannot in good conscience adopt another attitude towards displaced war workers."

Present unemployment compensation systems, he continued, cover only some 30 million of the nation's 52 million gainfully employed. Among those excluded 2,900,000 federal employees, many of them workers in shipyards, are (Turn to Page Eleven)

### Wainwright Visibly Shaken On Return To City of Manila

(Editor's note: Dean Schedler, Associated Press war correspondent who greeted Lt. Gen. Wainwright at Manila today, last saw the hero of Corregidor just before that desperately-defended American stronghold fell to the Japanese. Schedler was the last American newsman to leave Bataan.)

By DEAN SCHEDLER  
Manila, Aug. 30—(P)—Lt. Gen. Jonathan M. Wainwright, pale from his years in enemy prison camps, stepped from his plane today en route from Chungking to Tokyo to witness Japan's surrender. He saw a Manila he "wouldn't recognize," it is so overflowing with Allied military power.

Wearing three large old style stars on his shirt, Wainwright was visibly shaken by his return to the city he saw fall, across Manila Bay from his last Philippines battleground.

Maj. Gen. C. A. Willoughby, General MacArthur's intelligence officer, welcomed Wainwright on behalf of the supreme commander, and President Sergio Osmeña greeted him on behalf of the Philippine commonwealth.

The ranking British officer, C. Kaufman, American naval officer H. Gairdner, and Vice Adm. James commanding the Philippine sea frontier, represented the navy at the hero's welcome.

With Wainwright were his aides Lt. Col. John Pugh and Maj. Thomas Dooley; his chief of staff, Brig. Gen. Lewis C. Beebe, and his orderly, Sgt. Herbert Carroll.

Wainwright, accepting with thanks MacArthur's invitation to witness Japan's surrender aboard the battleship Missouri in Tokyo bay, asked that his aides be permitted to accompany him.

Wainwright's first words as he greeted President Osmeña—"This place has changed so I wouldn't recognize it"—summed up the vast difference in America's military (Turn to Page Eleven)

### Ace Boyington Is Rescued By Marine Crew

By FRANK H. BARTHOLOMEW (Distributed by The Associated Press)  
Aboard the Mercy Ship Reeves Off Omori Prison Camp, Tokyo Bay, Aug. 30—Surviving 20 months of secret imprisonment and torture treatment with a baseball bat, Marine Major Gregory (Pappy) Boyington, southwest Pacific flying ace, was rescued today by an expedition commanded by Commodore Roger Simpson.

Boyington, reported dead when he was shot down over Rabaul, New Britain, had 20 Japanese planes and a Congressional Medal of Honor to his credit. His mother, Mrs. Grace Hallenbeck of Okanagan, Wash., never gave up hope of his return. She frequently expressed to newspapermen her belief that her son would come back, although she never heard from him directly or indirectly.

The marine ace, who still has boundless energy, but a jaundiced complexion, now weighs 160. The first news that the famed "Pappy" Boyington was still alive came last night when other prisoners, learning of the approach of Commodore Simpson's rescue party, painted his name in large letters in the toilet.

2:00 p. m.	1:00 a. m.	MacArthur arrives at Atsugi airfield.

By The Associated Press  
Atsugi Airfield, Near Tokyo, Aug. 30—General MacArthur arrived in Japan and set up headquarters in Yokohama as Nippon's military ruler today amidst the first alien armed forces ever to occupy the sacred islands.

Paratroopers and seaborne marines and sailors, hand picked to remind Nippon of the invasion of the Philippines, swarmed out of the skies and in from the sea in an unbroken stream.

They took over Atsugi airfield, 18 miles from Tokyo; ran up the American flag over Yokosuka naval base, Japan's second largest; rode by Japanese truck into Yokohama, port of Tokyo, where the occupation force will establish general headquarters; and began evacuating prisoners of war from "a black hell hole" where "bestial beatings were common."

The occupation is "going splendidly," MacArthur said. Yanks were moving in an orderly fashion "without bloodshed" and he said the Japanese appeared to be acting in good faith.

The occupation by troops in full battle dress and ready for any contingency was eight hours old when MacArthur stepped onto Atsugi airfield from his shining silver C-54 transport, "Bataan," at 2 p. m. (1 a. m. eastern war time).

The supreme Allied commander landed amid cheering paratroopers of the 11th Airborne Division who began pouring from an unending stream of transports at 6 a. m. (5 p. m. Wednesday, Eastern War Time) simultaneous with landings at Yokosuka, led by the Fourth Marine regiment.

The Fourth Marines, rushed to the Philippines from China, were one of the heroic outfits in the fight for Manila bay and stood to the last on Corregidor. Today's landing was made by a reactivated regiment.

The 11th Airborne Division helped MacArthur clear 30,000 Japanese out of the Philippines general assembly asked Governor Martin today to call a special session of the legislature at the earliest possible moment to meet reconversion problems.

The Democratic state committee made public a letter to the governor signed by Senators John H. Dent, of Westmoreland county, the senate minority leader; E. J. Coleman, senate minority whip, Lackawanna; Rep. Hiram G. Andrews, house minority leader, and Rep. James E. Lovett, house minority whip, Westmoreland.

The letter asked the governor to include in the call:

"1. Passage of a Pennsylvania G-I Bill of Rights.

"2. Legislation creating a fair employment practices commission.

"3. Legislation to enable all discharged veterans to vote.

"4. Legislation that will bring Pennsylvania unemployment compensation benefits up to the \$25 (Turn to Page Eleven)

Both air and sea forces were covered in typical battle fashion by the ready, but silent, guns of an Allied war fleet anchored in Tokyo bay and swarms of planes ranging from fighters to superforts.

In a coordinated mercy operation, four ships began evacuating the first of 36,000 prisoners of war in Japan, including 8,000 American soldiers. Simultaneously, 134 Superforts parachuted 536 tons of supplies to internment camps that won't be reached for days, or possibly weeks, by occupation forces.

Today's initial occupation by 18,150 armed Americans and British will be followed by major occupation forces—the Sixth and Eighth Armies, which helped MacArthur fulfill his pledge to return to Manila.

Steel-helmeted Maj. Joseph M. Swing led his 11th Division paratroopers from Okinawa to Atsugi. He was the first to touch Japan as the greatest mass air transport of the Pacific got under way.

An unending stream of C-54 transports, each carrying 40 man loads, landed on the 5,600 foot (Turn to Page Eleven)

### Long, Hard Row Traveled By General On Way To Tokyo

By The Associated Press  
Here, step by step, is the "long, hard road" General MacArthur traveled to Tokyo, as reflected by these shifting locations of his military headquarters:

Manila, Dec. 7, 1941.  
Corregidor, December, 1941.  
Melbourne, Australia, Mar. 17, 1942.

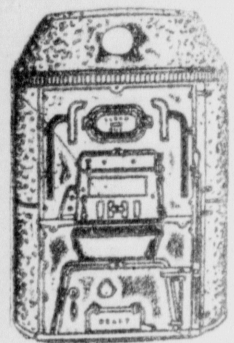

Brisbane, Australia, 1942.  
Port Moresby, New Guinea, 1943.  
Hollandia, New Guinea, Apr. 28, 1944.

Tacloban, Leyte (Philippines), Oct. 20, 1944.  
Dagupan, Lingayen Gulf, (Luzon, Philippines), Jan. 1945.  
San Miguel, Luzon, February, 1945.  
Manila, February, 1945.  
Yokohama, Japan, Aug. 30, 1945.  
(Dates of some of the headquarters moves are necessarily vague, since no exact time was ever announced and staff officers sometimes operated from the new location before an official shift was made.)

## Caloric Coal Burning Stove

Warfare research produced the CONSERVATOR... one of the greatest advances of all time in the home heating field. Its tremendous heating power astounded heating experts who tested it. Laboratory tests have shown this heater to develop in excess of 50,000 B.T.U. New principles in design make it vastly more efficient, thereby reducing fuel consumption.

It differs from the ordinary heater because it CIRCULATES the heat and its automatic controls make the Conservator easy to operate.

Adult sack race—Louis Morlock.

Egg tossing contest—Everett Stokes-Ray Johnson.

Ball throwing contest—Boys, Don Wood; juniors, Marlene Johnson and Donny Ross.

Water carrying contest—Tie between Mrs. Dr. Biddle and Mrs. Frank Wood.

During the afternoon some keen competition was witnessed on the horseback pitching courts between Dick Ross, Ed Johnson and other experts. A mullball game between Woods' Kresges and Morlock's Murphys ended in a tie when the dinner bell was sounded.

The committee in charge, headed by Dick Ross as chairman, was highly commended for the success of the outing.

## Bad Check Passer Sought By State Police

With two bad checks passed in this city during the past two weeks state police are on the trail of a man who has been putting out the checks in several towns of this section. One check passed here was for \$44 and the man bought some goods and tendered a check in payment receiving the change.

Corporal Gehr, of the Corry state police has had a number of checks reported to him and he has called for the arrest of a stranger known as "Charles Dixon". Some of the checks used are those recently stolen from the Halbach Packing Company in Erie. The fellow operating extensively in Union City over a year ago using the same tactics that he used in putting out the checks in this city recently.

## Crossett Truck Overturns In New Brighton

One of the large tanker trucks of the William F. Crossett concern at Stoneham overturned in a busy intersection at New Brighton yesterday, according to word received in Warren last evening. The truck at the time was being driven by Fred D. Wright, of Titusville, RD, and he is reported to have escaped without injury.

At the time of the accident the truck was heavily loaded with gasoline and it completely overturned, smashing the cab. For a time it was feared the driver had been pinned under the cab, but he emerged unhurt.

Fortunately, no fire followed the wreck, although fire trucks stood by ready for action. The truck was righted without great loss except for the smashed cab.

## Extension Job Is Under Way At No. Warren

At the State Hospital at present some extensive work is being done in a program that will place several of the annex buildings there and the laundry in better shape. In the annex buildings extensive remodeling is being done. The work under way by an Erie contracting firm and they have been using a large amount of local labor and craftsmen.

Two steam lines to be laid from the central power station for the heating of buildings will be laid as soon as possible before winter and A. S. Garvey, of Erie, was awarded the contract by the Department of Property and Supplies for furnishing and installing the lines. The low bid was in the sum of \$8,490.

## Salvage Will Be Pick Up At North Warren

North Warren will have one of the last of its salvage drives tomorrow and every resident of North Warren is urged to get all materials for salvage (except glass) at the curb during tomorrow. An effort will be made to make this drive a record breaker in the amount to be secured.

Trucks will be used for the drive and they will begin the work at 6 p. m. and cover all of the area of North Warren as usual.

Ralph Ward will be in charge of this drive and he has marshalled a crew of workers who will handle the material with dispatch. Chairman Chris Pepke will hover in the background ready to pitch in and "put 'er across" if needed.

## Samaritans Said Robbed By Local Boy

Police last night placed Walter Henry Hall, 1207 Pennsylvania avenue, east, under arrest on a charge of larceny. According to the police report Hall was given a ride from Jamestown to Warren about June 12th by Mr. and Mrs. Young, who reside on Spring street. After he left the car Mrs. Young discovered that her pocket-book had been rifled and \$85 in money taken. The matter was reported to the police and Hall was arrested yesterday.

This morning at the police station Mrs. Young met with the arresting officers and Hall. Arrangements were made for complete restitution and Police Justice Greenlund assessed costs in the case. Full satisfaction was recorded in the police records and the case was closed.

## Trained Aid Here To Assist In Employment

Training of employment counselors who will be stationed in local USES offices where an employment counseling program has been established will be done by State employment counseling supervisors, David W. Levine, Manager of the U. S. Employment Service office at Warren said today.

The usual training period extends about eight days, Mr. Levine declared, during which time experienced employment service interviewers who will specialize in employment counseling are acquainted with the program's objectives and scope and how it is related to other USES placement activities, how to assist the job applicant to analyze his own vocational assets; how to determine the need for aptitude tests and information from other agencies; how to conduct the counseling interview and how to use the special counseling tools that have been provided by national USES headquarters.

A highly important part of the training course, Mr. Levine pointed out, is the on-the-job training consisting of actual handling of applicants having specific job problems. These supervised interviews afford the trainee an opportunity for "on-the-spot" experience. At the same time, supervisors can point out any flaws connected with the interview and these can be corrected, Mr. Levine asserted.

Although employment counseling services are available to anyone requiring assistance in becoming vocationally adjusted, the program is intended particularly for returning veterans, young persons with limited or no work experience, older persons entering or re-entering the labor market, workers who must transfer to new occupational fields, applicants with disabilities and workers with personal problems that make it difficult for them to obtain or keep employment, the local USES manager said.

Brazil, more than 3,275,000 square miles in size, occupies nearly half of the area of all South America.

## MEN AND WOMEN IN SERVICE

### Harold Sedon Bronze Medal Received Here

Mr. and Mrs. Leopold Sedon, 308 Park avenue have received the bronze medal which was awarded their son Harold E. Sedon, Technical Sergeant, Medical Department, for meritorious service in direct support of combat operations from September 9, 1944 to May 8, 1945 in France and Germany.

As a laboratory technician chemical warfare service non-commissioned officer, and acting first sergeant, his ability, made possible the operation of a laboratory with unusual high standards. Sergeant Sedon's tireless efforts were in large measure responsible for the advanced manner in which this hospital was enabled to perform its mission.

T/S Sedon entered the military service of the United States from Warren.

Mr. and Mrs. Dennis Shaffer, 206 Redwood street, have received word from their son, S/Sgt. William E. Shaffer, has been promoted to Technical Sergeant. T/Sgt. Shaffer is with the medical unit in Station Hospital, Guam.

S/2c Warren E. Carr, of Youngsville, has completed his boot training at Sampson Naval Training Center and recently spent a short furlough at home. Upon his return to Sampson he was assigned to Newport, R. I., for further training.

Ensign Anne I. Washburg, Navy nurse, who has been ill since June 1st, has been transferred from the Oakland base to the U. S. Naval Hospital, Unit 2, SOQ 3, Corona, California. She will be glad to hear from her friends. Ensign Washburg is the daughter of Mr. and Mrs. A. J. Washburg, Park Street, North Warren.

**ARRIVE AT GAP FOR REDEPLOYMENT**  
Included among Pennsylvania officers and enlistment who have arrived at Indian town Gap for redeployment and given furloughs yesterday were: Lt. Charles R. Knupp, 113 Pioneer street Lt. Willard L. Munson, Irvine; F/OJG Forest H. McMichael, 14 Schanz street; Cpl. Joseph D. DeLeo, 44 Mill street, Sheffield; Cpl. Frank E. Peterson, 707 Conewango avenue; and Pfc. Robert E. Groves, 311 East street.

**RECEIVES PURPLE HEART**  
Mrs. Rachael Stoddard, 1203 1/2 Pennsylvania avenue, west, has received the purple heart, posthumously awarded to her son, Private Lawrence Davis Stoddard, USMC who was killed in action on Iwo Jima on March 10th.

The Sistine Chapel, with Michelangelo's superb frescoes, called the most perfect work of the 16th century, is the Pope's private chapel.

**"RIVERSIDES**

**I CHOSE THEM!"**

"When we were in town Saturday, I happened to notice the number of parked cars that had Riversides tires. Farmers' cars, like mine. And I got to wondering if all those men had switched to Riversides for the same reasons I did. 'Cause you know, Jim, none of those Riversides came on those cars!"

The American farmer is typical of the millions of car-owners, city and country-folk alike, who replaced their "original equipment" tires with Riversides. He, like you, wants a tire that gives him the most for his money; long wear on rugged roads! Riversides give you more miles-per-dollar!

## MORE MILES-OF-SAFETY ON RIVERSIDES

## GARLAND

Milford Ayers was laid to rest in Garland on Friday. Mr. Ayers who was 67 years of age died in an Erie hospital of a heart ailment. Much of his early life was spent in Garland and his parents are buried here. Of his immediate family there are two daughters to mourn his passing. Twenty-two relatives and friends had lunch following the burial at the home of the deceased's sister-in-law, Laura Ayers of Garland. Among the relatives were her four sons Leon of Erie, Claud of Spartansburg, Theodore and Delos of Garland.

Mrs. Bert Graham was laid to rest in Garland's Presbyterian cemetery on Saturday. Her sudden death proved a shock to Garland friends and relatives here as she apparently seemed in good health. The family who had resided here for several years recently sold their property and had moved to Wrightsville. This is the third death in the family in two weeks as her father and grandson had recently preceded her in death. Sympathy is extended the family by friends here. Garland friends serving as bearers were Aaron Scranton, Geo. Darling, Floyd Andrews, Norman Taylor, Paul Holmes.

Mr. and Mrs. James Twombly of Youngsville were in town calling on friends Sunday.  
Mr. and Mrs. Theodore Norman left Saturday for their home in Palmer, Mass., having spent a week here with relatives.  
Recent guests at the home of Mr. and Mrs. Fred Bills were Mr. and Mrs. Stanton Betts and children, Westfield, N. Y. and Mr. and Mrs. Herman Whitcomb and Mrs.

Chapman of Spring Creek  
Bert Graham at home on a furlough having been called here by the death of his mother.

Miss Pearl Thomas of Sugar Grove has been visiting friends in this vicinity this week.  
A heavy rain accompanied by a very high wind struck this valley on Saturday, especially damaging to corn fields.

Mrs. Claud Price of Erie has been a recent guest this week at the home of her daughter-in-law Isabel Price and daughters. Mr. Price motored down for her on Thursday.

Mr. and Mrs. Ingram of Erie are weekend guests at the home of their daughter, Mrs. Arthur Kane and family.  
Frederick Carlson of Cleveland is vacationing this week with his mother and other relatives in this vicinity.

Mrs. E. Price entertained the Woman's Auxiliary on Wednesday afternoon.  
Mrs. Seth Holmes and children have returned from Stoneboro, where they spent ten days at a camp meeting of the Wesleyan Methodist church.

Word has reached Garland of the marriage of Eugene Clancy of Erie and Winifred Smith of Tidoute. Best wishes for happiness go to them from Garland friends.

Mr. and Mrs. Geo. Fish were Titusville visitors on Saturday.

The barn belonging to the Polancey family on Mickle Hill near here burned to the ground on Friday. The cause of the fire is not known but the loss is considerable.  
Don't forget to remove all non-washable trimmings and buttons and buckles before laundering garment

### STILL THE CHAMPION

Invariably it has happened in the past, when new weapons have made their appearance in naval warfare, that there have been some to insist that the death knell of the battleship had been sounded. So it was inevitable that the atomic bomb would lead to similar predictions.

And it may be true that this most terrifying weapon in history will relegate the old battleship to the scrapheap. One might be inclined to accept such predictions as truth if so many similar forecasts in the past had not been proved so wholly in error.

For example, there were those who said that the submarine meant the end of the battleship. There were those who said that a few small and inexpensive boats with torpedoes ended the era of the mighty battlewagon. The evolution of the airplane, the airplane carrier and the battle-cruiser brought similar predictions. All of these have proved tremendously powerful weapons which are indispensable in modern war. But none has succeeded in displacing, or seriously challenging, the battleship as the heavyweight champion of the fleet. No weapon of war ever has been designed which can give or take as much as the battlewagon.

Certainly it may be that the atomic bomb can hit too hard, even for a battleship. On the other hand, it is a fact that man never has been able to design a weapon for which men have not been able to create a defense. That may or may not happen in connection with the atomic bomb. But until it is proved that there is no defense for the atomic weapon it will be just as well to hang on to the battleship. The old battlewagon has survived too many prophecies of doom in the past to be cast aside until experience proves she has outlived her day.

### GENERAL WAINWRIGHT—THE HERO!

Uncle Sam's Lt. General Jonathan M. Wainwright, who is now enroute to Japan after his release from a Jap prison camp in Manchuria where he has been buried alive since his surrender of the American force at Corregidor, has become overnight one of the leading personalities in the great drama which is unfolding in Tokyo Bay.

All this is quite unwitting on Wainwright's part. On the contrary it's the last thing he would have expected. Throughout his terrible years of imprisonment he has been tortured with the nightmare of his surrender. He thought he must be in disgrace with the folk back home.

Even now he can hardly understand his elevation to fame. You get that from his humble statements—but more strikingly from the years of hell that show in the eyes of the radioed photo which was taken on his release. That picture haunts one, for it tells the story of a man who thought he had failed in his great stewardship. Read his statement to the press:

"I have had very little direct contact with my country or official agencies thereof or even with my family for over three years, but such contacts here and there as I have had have caused me to believe that the administration, the War Department and the American people have accepted my dire disaster with forbearance and generosity which perhaps are unique in the experience of a defeated commander."

Uncle Sam says "well done" to a gallant man who will go down in history as having contributed much to the Allied cause.

P. S.—Wainwright was awarded the Distinguished Service Cross in Chungking yesterday for extraordinary heroism in action in the Philippines in 1942.

### AMERICA NEEDS YOUTHS BACK TO SCHOOL

The schools of the nation have sent out their call to the young people of America to resume their job of preparing themselves for the future of America and their part in it.

The youth of America has been very patriotic in forsaking study to join forces with industry in filling the gap created in our labor ranks by the needs of war. Patriotism, however, consists in doing your very best for your country, but now a greater need looms than in industry, and that is the need for educated young men and women to solve the problems of Democracy in the years to come.

So forget your temporary job and prepare yourselves for the permanent one ahead. Go BACK TO SCHOOL!

### Letters to the Editor

I saw a small piece of news in the Times-Mirror last night in regard to (State-Aid for Airports) page three. I wondered where Warren stands in regard to airports in the near future. It has been quite a few years since Warren's airport has been built. What are Warren's chances in the future with the present field we have. Can this field be enlarged enough to take care of much larger planes? How about the light or power lines at the lower end of the field? I don't know much about length of our runways, as compared to other towns of this size. Are we ahead or behind in our development with air travel? Is Warren included in the towns to receive aid? If our present airport is too small, why would it not be a good idea to apply for this aid and try to find a new field which could be made suitable to large airplanes. I have seen Warren's airport entirely flooded. That sure does not do it very much good. If the Kinzua dam is built, this no doubt would end the high water every spring. I think it would be a swell idea to get this state aid if we can, use it to better our present airport or build a new one if we find ours is too small. Why not have same representative of commercial air lines come to Warren and be guest speakers for Warren clubs at their meetings and also ask "Slip" King, airport manager, to give his views on Warren airport as to what he thinks about the need for enlarging the field and what kind of planes can make use of the port at present. Let's hear from somebody else about Warren's future in air travel.

Thank you,  
Air Minded.

## Lawn Mowers—Prewar Versus Postwar

Will Curry isn't falling for those pictures of a postwar life of ease. He was sweating over his lawn mower the other day, when somebody shows him pictures of a mower that runs under its own power.

"Shucks," says Will, "I like a lawn mower that gives you some backtalk and exercise. It gets the old blood circulating and works up a wonderful thirst."

"Then," Will adds with zest, "there's nothing in the whole world that tastes as good as a cheerful glass of beer!"

From where I sit, there's a lot of good sense in what Will says. A little honest effort never hurt anybody. And there should be more to our post-war plans than how to make life comfortable and easy.

Outdoor work—work you do with your hands and your back—ought to be part of everybody's post-war plans. And on a hot day, as Will says, there's always that sparkling glass of beer as a reward!

Chapter 27

MARK SHERIDAN left for Washington Wednesday evening. At his request Jane and Evelyn accompanied Eleanor and her husband to the depot.

"I detest farewells," Jane protested. "I detest waiting for all aboards, trying to fill in those last endless minutes with foolish questions and answers. I don't want to go."

But she went, and the going away was more trying than she'd anticipated. In the first place, the train was late, and it shouldn't have been, for weren't the trains made up right there a few miles from the Sixteenth Street depot?

And in the second, there was Mark Sheridan, and he came stag now and looking very cosmopolitan—at first.

Jane noticed the change, the sudden upward movement of his hand toward his hair. He must have remembered he had worn a hat on the draughty El, because his hand stopped at his necktie.

"Eleanor," he said to his sister, "please find out what she is doing here."

Involuntarily all three girls turned to look down the track, and there, beside a neatly stacked pile of hand luggage, stood Carla Hansen.

Jane couldn't quite fathom the feeling that swept over her, a sinking, nauseating sensation. Surely she couldn't lower herself to hate anyone like Carla Hansen. But that feeling, she'd had once before, in a plane, she remembered now, just off the coast of England, when the co-pilot had come in and told the passengers to prepare for a crash landing.

Sheridan's hat was off, the beautiful part in his hair a thing of the past. One hand had raked through his hair.

Here was Eleanor.

"Allow me to be the first to..."

Chapter 28

JANE opened the first wire from Mark Sheridan without realizing from whom it was. Evelyn, taking dictation, knew from the look on Jane's face, and began studying the penciled chicken tracks across her notebook. And then she heard Jane laugh.

"Listen," she said, and read, "Arrived safe. Ev, who but Mr. Sheridan would pay for such a bromide? Nice trip. Slept, rested, read mysteries and bribed porters. Am quartered University Club."

"What did I tell you?" demanded Evelyn. "Bribery can work both ways, and I'll put Mark Sheridan's smile up against Carla Hansen's any day. University Club," she repeated. "I can't imagine our Glamour-Puss getting in there."

LISLE CARTER had persuaded Judge Morgan a called meeting was necessary. Because of Mr. Sheridan's two injuries, both of the regular board meetings had been skipped or, rather, adjourned without action.

Much to Jane's amazement, the great Mr. Carter, and wife, invited Miss Grey and Miss James to be their guests at dinner prior to the meeting.

"We'll have to accept, I suppose," said Jane regretfully; "we can't refuse to cooperate. Besides"—her head tipped a little—"we might learn something, inadvertently."

They dined at The Lake Merritt with Lisle Carter. Mrs. Carter had one of her sick headaches and sent regrets.

Lisle was at his best. He beamed upon Evelyn. He called Jane "little lady."

THE meeting moved along so smoothly Jane was worried.

Her vote went unchallenged, even when it opposed Mr. Carter's. He even bowed once, and said, "I yield to the charming young lady."

"I liked him better when he was natural," Jane thought. "After now," Mr. Carter whirled his little gold knife on its gold chain—"we have come to the business of the evening, an item of business which should stir the patriotic blood of every member present."

"Lisle," said Judge Morgan, "I'd hate to meet you on a bond drive; I'd come out without my shirt. Now what are you leading up to?"

"Harry," prompted Carter, and a board member literally sprang forward, a long white cylinder in hand. He unrolled it and upon the board table spread a gigantic blueprint.

"Gentlemen," said Carter proudly, "the future Sheridan Pump Company as it must be if we are to handle the orders rushing to us from all directions; orders, gentlemen—I beg your pardon, and Miss Grey—which we must fill if we are to prove worthy of the name American."

Jane felt nothing of the hubbub which followed, a planned chaos apparently aimed to confuse her. She saw Evelyn writing frantically trying to keep up with the many comments, then heard Judge Morgan rap on the table.

"Gentlemen," he reproved, "if you are at all interested in my vote, I beg you to allow me to hear what you are saying. Now, one at a time so Miss James can understand you."

It was all there, everything, from the cost of a strip of land needed to the last studding on the station platform. It was worked out in a detail which showed months, not weeks of planning. It was, Jane realized, the plan Carter had had in mind for months

and which he now felt safe to engineer through. Why? He asked for an immediate vote.

"Would you, Mr. Carter, vote on as complex a project as this immediately upon its presentation to you?" the Judge asked.

"Mr. Carter," Jane's voice was cool, even—"I'm sorry, but I can't see that a day or two is going to make much difference. I'm quite sure if time passes, you are sure you would have made it possible for each of us to study the plans before presenting them to us."

"My dear young lady," he laughed, "don't tell me you would have known any more about these blueprints after looking at them than you would without seeing them?"

"I would," answered Jane. "I'm also in rather close touch with the building materials market, and large scale buying."

"If you are intimating that the bid I present here is—"

"I am intimating nothing, Mr. Carter," Jane said quickly. "I'm not afraid to say, without intimidation, what I think, as you've probably learned. From these figures I was able to jot down during the confusion, it seems that your contractor is giving you an excellent deal, neither too high nor too low. I still insist, however, upon time to get in touch with Mr. Sheridan, by telephone, before voting upon anything as important as this."

Judge Morgan coughed. "Well, now, Lisle, I don't know much about blueprints, but, confound it, I'm not a blithering idiot. I sat on the Superior Court bench for a good many years and I listened to testimony given in an orderly fashion. But never, never, I say, did I offer a judgment until I'd studied the transcript. I certainly have no intention of casting my client's vote upon this until I study these plans."

## Kwajalein Is Paradise For Dogs But No Haven For Men

By HAL BOYLE

Kwajalein, Marshall Islands—(P)—This rain-flooded, sun-fortified waystop in the Pacific is a paradise for dogs—and hell for men.

Kwajalein is enough to cure any Robert Louis Stevenson addict of any romantic ideas about life on an atoll. It is about 2½ miles long and half a mile wide—just large enough to support a few quonset huts, one long runway and four anemic, fruitless palm trees with tired fronds.

Since American troops sponged Japanese defenders from the atoll in February, 1944, Kwajalein has been converted into another island hopping station in the air transport command's Pacific network. It is 13 hours by air from Honolulu, eight hours from Guam.

In "Kwajalein Lodge", the one-room passenger terminal, a large blackboard greets the visitor with these chalked signs:

"All passengers welcome to Kwaj—you, too, can be rock-happy."

"Kwajalein atoll—hubba hubba."

"No liquor atoll—no wimmin atoll—no nothin' atoll."

"Kwajalein—we hate the place."

"Spend a week and go home a freak."

These cheery greetings bear the signature of an anonymous host who inscribes himself gloomily as "Shack-Happy Mack."

Soldiers work eight hours a day—and usually every day—under skies so hot they would make a cigar store Indian perspire. The

normal uniform consists of shoes, trousers, a pilot's cap and a pair of sunglasses.

"All you can do is swim and go to a show—and I don't swim," said Pfc. August Onken, of Brewster, Minn.

Some men have remained as long as 14 months, but the policy now is to rotate them to Hawaii or some more agreeable spot after a year.

Asked what the boys did to keep from becoming depressed, one said cheerfully:

"We don't do nothing to keep from going wacky—everybody here is rock-happy after two months."

"This is a stopping off place for dogs," said Cpl. Charles Spade, of Hinton, W. Va. "Combat crews returning from Pacific duty have to drop off their pet dogs here, as they are not allowed to take them into Hawaii or beyond. Practically everybody here has a dog now."

As word came to climb back on the plane leaving for Guam, one of the ground mechanics I had been talking to ran up to the door.

"Mister," he said earnestly, "if you write anything about this place, don't say nothing good about it."

Lawrence Carries Campaign to Capital

Washington, Aug. 29—(P)—Pennsylvania Democratic State Chairman David L. Lawrence visited yesterday with Maury Maverick of the Smaller War Plant Corp., and with Postmaster General Bob Hannegan.

Here in behalf of his campaign to become Pittsburgh mayor, Lawrence said he consulted with Maverick regarding wider diversification of Pittsburgh industry—a cardinal plank in his platform.

Lawrence told a reporter they also discussed details of SWPC's loan assistance program to small manufacturers. He said he specifically asked Maverick's advice on an application a group of Pittsburgh business men intend to file with SWPC for assistance in starting a truck manufacturing business.

He said there was no significance to his talk with Hannegan, national Democratic chairman.

## Expert Counsel Planned For Veterans and War Workers

"An ample supply of the most modern counseling materials has been prepared to help United States Employment Offices uncover job opportunities for veterans and displaced war workers," David W. Levine, manager of the U. S. Employment Service here, said today.

Developed by the Division of Occupational Analysis, War Manpower Commission, these counseling aids include the "Dictionary of Occupational Titles," "Special Aids for Placing Military Personnel in Civilian Jobs," and several hundred Trade, Performance, and Aptitude Tests.

In addition, "Area" and "Industry Statements of Labor Market Information" produced by Reports and Analysis Service of the War Manpower Commission point out job opportunities by industries and localities, enabling the counselor to indicate areas of good employment opportunity and areas where job chances are slim.

Explaining further, Mr. Levine pointed out that the "Dictionary of Occupational Titles, Parts I and

II" permits the counselor to recognize and classify experience in any of 22,000 different jobs, known by 35,000 names, and covering 90 per cent of American employment.

Job seekers without job experience, he added, will be assisted through the "Entry Occupational Classification" section of the "Dictionary of Occupational Titles" to find job opportunities in line with their interests, hobbies, and demonstrated aptitudes.

"Special Aids for Placing Military Personnel in Civilian Jobs" suggests to the counselor possible areas of related civilian work in which the veteran may apply skills gained in the service. They demonstrate, for example, that an Anti-Aircraft Searchlight Electrician may be able to get a job as an Electrical Repairman, or even as an Electrical Engineer, depending where necessary upon the amount of additional education and training he is willing to obtain.

Trade, aptitude, or performance tests may be given in USES local offices to help job-applicants choose an occupation.

#### Marian Anderson Saturday Bride Of Cpl. Fred Lindell

A lovely afternoon wedding took place in the Scandia church Saturday, August 25, when Marian Anderson, daughter of Mr. and Mrs. Axel Anderson, became the bride of Cpl. Fred Lindell, son of Mr. and Mrs. A. P. Lindell, of Russell. The Rev. Delbert E. Jolley, of Cattaraugus, N. Y., performed the ceremony before an altar beautifully decorated with baskets of garden flowers and white candles.

Wedding music was furnished by Donlyn Baird and Jeannette Abel.

The bride wore a wedding gown of white brocade satin fashioned with a sweetheart neckline, fitted bodice, long sleeves and train. Her fingertip veil was held in place with a beaded wreath, and her bouquet was of white roses and baby's breath.

Miss Lois Lundberg, niece of the bride, was her only attendant. Her dress was of aqua lace and taffeta, and she carried a bouquet of piccadilly gladioli.

Theodore Fox, of Russell, was Cpl. Lindell's best man, and Patricia Wood and Audrey Wall were ushers.

The bride's mother wore light blue, with a corsage of white gladioli. Mrs. Lindell chose brown, with a corsage of white gladioli.

Immediately following the ceremony, a reception was held at the home of the bride's parents for 100 guests. The table was centered with a three tiered wedding cake.

For traveling Mrs. Lindell chose a brown suit with white accessories and a corsage of yellow gladioli. The young couple left for a wedding trip to Buffalo, Niagara Falls and Erie.

Cpl. Lindell has recently returned from overseas, having spent 16 months in the European theatre of operations. After his furlough, he will return to Indian-town Gap for reassignment.

Guests for the wedding were present from Scandia, Russell, Lander, Jamestown, Warren, Erie, Bradford, Bemus Point, Cattaraugus, Sergeant, Clarendon, Starbrick and Bristol, Conn.

#### Nurses Good Troupers

She may draw her bath water from a five-gallon G-I can, heat it over a Coleman stove, and use a helmet for a tub, but you can count on her to make a "home" out of the nissen hut in Iceland or the tent in the Pacific jungles where she temporarily hangs her hat. That, ladies and gentlemen, is our Army or Navy nurse. Versed in the good old Yankee art of ingenuity, she has proved her ability to substitute, improvise or draw upon her imagination for the cheer and charms of home.

Equally matching her talents with the Army nurse, the Navy nurse has pursued her talents all the way from Quonset huts in the Aleutians to thatched huts in New Guinea. She produces at every new post at which she stops a home-like charm which closes her door on the bleakness of the frozen North or the menacing atmosphere of the dense jungles. When all other facilities for turning a hut into a home are lacking, wild flowers are gathered by these girls to rout-drabness. The urge to brighten up a corner—even a corner of straw and leaves—could not be stifled even in a Japanese prison camp. How one ingenious girl conquered the obstacles making one of the brighter pictures brought back from a Philippine internment camp by a group of repatriated Navy nurses. Inventories for possible "interior decorating" of a Nipa hut of an ailing friend yielded nothing hopeful—nothing that is, except the last survivor of gaiety, a colorful play suit—which in a twinkling was converted into gay curtains to hang on the windows of the barren hut.

#### Party To Bring Contest At Public Library To A Close

Tomorrow afternoon the boys and girls who have qualified in the children's summer contests at the library will be guests at a party on the back lawn of the public library. Thirty-one boys and girls read the required number of books in the Indian War Bonnet game, the Quest of the Golden Apple and the Book-shelf game to qualify for the party.

The party will be held at 2:30 tomorrow afternoon. Children are asked to assemble in the juvenile department first before going to the back lawn, where the party will be held in the weather permits.

Special games have been planned for the young guests of honor. Awards will be presented to ten boys and girls. And, of course, there will be refreshments. Each eligible child has received a special invitation from the library.

Josephine Hessler, of the Lacy school, read the largest number of books in the summer contests. Her record stood at 49 when the contest closed. Sylvia Lind read 48 picture books during the summer. Jane McDonald's total was 35 and Marilyn Bimber, of Home street school, read 30.

Every book read in the contests was reported on to a member of the public library staff. Miss Georgia Spinney, assistant in charge of the summer reading program and also the summer neighborhood studies, heard 922 reports during the time of the contests.

Tomorrow books will be presented to Sylvia Lind, Jane McDonald, Josephine Hessler and Marilyn Bimber. Other boys and girls receiving special recognition will be Charles Eaton, Jane Rogers, Marilyn Zobrest, Connie Barto, Barbara Huber and Raymond Anderson.

In the summer school stations, Home street school had the best record both in circulation and in participation in the reading games. Lacy school was second and McClintock school third. Story hour periods were also held each week at the three neighborhood stations.

A total of 251 books which had been read were reported on at the Home street school, 203 at Lacy school and 46 at McClintock school and 422 at the public library.

**Personal Paragraphs**

Miss Bertha Minelli is visiting friends and relatives in Canton, Cleveland, and Warren, Ohio.

J. A. Johnson spent Wednesday in the Buffalo market in the interest of his men's and boys' wear store.

Helen Kujava and Helen Trubie, of Sheffield, have returned home after spending several days in Pittsburgh, Johnston, Lancaster and Philadelphia.

Mrs. Frank Wehrle and Miss Ottila Werle, of St. Louis and Frank Wehrle, Jr., of Pittsburgh, spent yesterday in the city guests of Ray Eckhardt and family.

#### Gala Youth Party Labor Day Evening

There will be a community young people's party on the evening of Labor Day at the Beaty school premises. The committee on community recreation has completed arrangements for the holiday party after the football game between Warren High School and the Erie Academy. The time has been set ahead an hour to 7:30 to make it possible for members of the football squads to attend. The party will close at 11 o'clock.

Young people had requested that the party be held on Labor Day if possible, since the showers cut the same committees will function that were selected for the last community party. A change in committees will be made for the party coming up on September 22.

The Community Night for the young people will be held outdoors on the Beaty court if the weather does not interfere. If it is too cold or stormy, arrangements have been made to set up the cabaret in the gymnasium.

The Men About Town Orchestra will again furnish the evening's swing. There will be a floor show, which promises good entertainment, and refreshments will be available all evening.

#### Times Topics

##### IRVINGDALE SCHOOL

The Irvingdale school in Glade township will reopen for classes on next Wednesday, September 5.

##### STAMPS ON SALE

A small quantity of the two-cent Roosevelt Commemorative postage stamps were placed on sale at the windows this morning at the post-office and it is suggested that stamp collectors get their supplies at once.

##### WILL CELEBRATE

Placeholders have been placed in local store windows advertising the Labor Day celebration to be held in Titusville Monday. A parade will take place in the morning ball game in the p. m. and a dance at night. The CIO is sponsoring the affair.

##### TWO HIGH CLASS ACTS

At the Marconi Outing Club over the week and two excellent acts will comprise the floor show offering. Sinclair and Alda are headliners at most of the bigger clubs and their dancing numbers are said to be out of the ordinary. Sally Warren a clever chanteuse and mistress of ceremonies will also be heard and she is said to be a high class performer.

##### BUS ROUTE CHANGED

Announcement has been made that the West Ridge buses from Buffalo to Pittsburgh do not go through Tonawanda any more. They have been routed via Warren, Youngsville, Plummer and into Oil City. Buses between Warren and Oil City are now run twice a day down the river through Tidoute, Tonawanda and other towns.

##### ORGANIZING WORKERS

Work of organizing several of the plant workers in shops about the town are under way. It is expected that organization meetings will be held soon when further announcements will be made. The group in charge of the organization work represents the same Union which some months ago organized the workers at the Sylvan plants here.

##### ECHO OF ROBBERY

Ted Brewer was taken into custody at Corry yesterday, on a warrant charging him with violation of Section 612 of the Penal Code of 1939, in the maintenance of a public nuisance in connection with the operation of his gambling room in that city. The case has been removed as developing for some time and is the direct result of the Ted Dey-Al Marty incident, in which Dey charged Marty with robbery of a large sum of money during a crap game at the Brewer place. Mary was convicted in county court and his case has been appealed. The evidence given by Ted Dey and others in the Marty trial is the basis for the present action which seeks to eliminate the Brewer room, twice raided in former years.

#### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Local Red Cross Chapter To Help Meet Heavy Demand For Nurses In Armed Forces

Continued demand by both the Army and Navy for Registered Nurses and a heavy nurse recruitment campaign has faced the Red Cross with the problem of continuing its Home Nursing instruction this fall and winter.

The Warren County Chapter has been alive to the conditions which face it locally and has made arrangements for several training courses and classes which will start around October 1st. These classes will be a minimum of 30 hours each and will cover 15 weeks period with 2 hours of instruction a week or run for 30 weeks with 1 hour a week being required of all enrollees. The maximum number of students desired for each class is twenty.

Two plans are being worked on by Mrs. F. C. Sigworth, Home Nursing Chairman of the Warren County Chapter. She is planning an establishing classes in the high schools of the county, limited to girls in the Senior Class of each school and she will also arrange

a series of classes to be held at the local Chapter Headquarters on Market street. If sufficient interest is shown by girls and women out of high school, classes will be held in other sections of the county. Competent instructors will lead each class. The first one to be formed, which will meet at Red Cross Headquarters on Market street, will be conducted by Miss Betty Gentilman. Applicants may enroll at any time and full information is available at headquarters.

It is hoped, through the formation of these classes, to reach young girls, wives and mothers to whom can be taught the simple rudiments of home nursing, care of the child and some instruction in the control and segregation of common diseases. It is a health educational program; the need for which will be felt over a span of years with many wounded men being discharged from the armed forces and as long as the nursing situation is as acute as it is in Warren and surrounding communities.

Among those serving with Mrs. Sigworth on the Home Nursing Committee for the local chapter are: Mrs. W. F. Clinger, Mrs. H. N. Elmquist, Miss Betty Gentilman, Mrs. Marian Robertson, Miss Ethel Hodges and Mrs. Orrie Maasz. Others in Warren and the surrounding community will be added to Mrs. Sigworth's committee as the work expands.

It is hoped that by October first the Home Nursing program will have taken a firm hold in the high schools of the county. It has received the hearty endorsement of H. L. Blair, county superintendent of schools and he has recommended that all his principals stress the importance of the work to their pupils.

### War Workers: Cupid and the Stork

America's population increased more than 8,000,000 during the five years ended July 1. This almost equaled the increase of 8,894,000 for the 10 years ended July, 1940.

In the three and a half years ended July 1, 1945, marriages totaled 5,477,000.

In the same period, there were 10,569,000 births, more than double the 5,137,000 deaths.

July, 1943, saw nation's peak of employment, with nearly 55,000,000 people working. In five years between 1940 and 1945, female employment increased more than 7,000,000.

Record increases in population, births, marriages and employment during the war years are shown in official U. S. Department of Commerce estimates to last July 1 as illustrated in the sketches above. The 5,137,000 deaths reported during the period do not include war casualties.

## Free Methodist Conference At Pleasantville Next Week

Plans are being completed for the forty-seventh annual session of the Oil City conference of the Free Methodist church which will open next Wednesday, September 5, on the camp meeting grounds in Pleasantville. Bishop Charles V. Fairbairn of McPherson, Kans., will preside at each of the business sittings. Pastors and delegates from nearly one hundred churches throughout western Pennsylvania including Warren county churches, will comprise the personnel of the conference.

This will mark the first appearance of Bishop Fairbairn, Canadian-born churchman, as presiding officer of the Oil City conference. Pleasantville has been the site of the conference sessions thirteen times during the last fifteen years.

A program to make the camp meeting grounds a permanent place of entertaining the conference is being worked out. Improvements are being made to accommodate the large crowds that are expected to be in attendance each year.

While many changes are expected in the pastorates of the conference, none are anticipated in the district superintendency. The following ministers were elected last September to superintend the districts: Rev. L. J. Lindsey of Titusville, on the Oil City district; Rev. Richard R. Blevins of New Castle, on the New Castle-Erie district; Rev. George G. Saylor of Port Allegany, on the Bradford district; Rev. D. N. Thomas of Union City, on the DuBois-Tyrone district.

The conference will hold its first sitting Wednesday afternoon at 2 o'clock. The concluding service will be Sunday evening, September 9. Bishop Fairbairn will address the ministers and delegates each morning at 8:30, preceding the business sitting. The program also calls for addresses from various conference pastors and visiting ministers each afternoon and evening. The appointments of ministers will be read as the final order of business Saturday afternoon.

Arrangements have been made for the Women's Missionary society to hold its business meetings on the camp grounds while the conference is in session. Mrs. Grace Lindsey of Titusville, formerly of Oil City, is the president of the organization. The public missionary service on Sunday afternoon will be addressed by Professor E. C. Snyder of Spring Arbor college, Spring Arbor, Mich., former missionary to the Dominican Republic.

## 'Pop' Concert Well Received By Big Crowd

Last night the Struthers Wells Band played their "Pop" concert for an appreciative audience that made good use of both the chairs provided on the lawn and the convenient parking space contributed for the occasion by the New Process Company.

The weather, despite threats of rain, held out beautifully, and the classic features of the municipal building provided a beautiful background for the concert. Few communities are so fortunate as to have such a fine location for such events so centrally located.

The program provided a nice blending of martial rhythm and soft harmonies, without a letdown. The arrangements were, as predicted, just a little different. "Kiss Me Again" retained its basic tempo, but wound up after being displayed in several moods. "Alexander's Ragtime Band," after starting in accepted form, swung into both blues and "swing." "Friml Favorites" brought back some once familiar melodies in a form that displayed the scope of a concert band to good advantage. "My Hero" appeared as a sparkling concert march which made more than one youngster wish he could "blow a horn."

"A Pretty Girl Is Like a Melody" was effectively presented with the saxophone section featuring sweet harmonies, and if there could have been any cloying aftertaste, Sousa's "Manhattan Beach" must have dispelled it with its crisp and precisely executed accents. The arrangement of "Oklahoma" was distinctly different, showing some resemblance to Hayden's "Surprise Symphony" in places. The "American Patrol" concluded the concert in an arrangement which announced itself promptly, instead of sneaking up on the audience as the original version was inclined to do.

All told, hundreds of people had an enjoyable hour, and went home wishing that the summer was not so nearly over.

## Army Stamp Next Month Is Announced

The United States Army will be honored by a new khaki-colored stamp Postmaster Robert Hannegan said today. The stamp will go on sale in Washington September 28. It will be made available over the country as soon as possible after that date.

Stamp collectors have been notified in the announcement that they may send not more than 10 addressed envelopes with remittances for the stamps to be affixed to, to the Postmaster, Washington, 13, D. C.

The Arc De Triomphe in Paris, with hundreds of U. S. soldiers marching through it, is the central design. Six airplanes are shown overhead. In the upper corners appear the U. S. seal. On the right side, printed vertically are the words, "U. S. Army," with the denominations 3-cent underneath. Under the right seal appear the words, "U. S. Postage," with 3 cent underneath.

## Rosenberg Was Having Trouble, Sought For Aid

A Rosenberg, German jeweler who is one of the Nazi murderers who will be tried by the Allied War Crimes Commission had his troubles even as you and I and sought the aid of the Feuhrer. This is the gist of the letter given by Hitler's housekeeper to Pfc. Sivi, of Youngsville. The letter is displayed at the Geracimos store and was translated yesterday by a well known Warren citizen. The translation which is a liberal one makes the letter read as follows:

Honorable A. Hitler—I beg you to pardon me that I bother you with a very personal case. I wouldn't have done it if things had not come out so very bad for us. This is the case: my first wife when in 1918 when she was very sick it cost me 6000 marks which I gave to their family for safe-keeping. When my wife came back and asked for the return of the money she did not get it. Through a court action I received a worthless paper. In the meantime my wife was in a sanatorium Avos, where she became indebted to the except of 4230 francs at 7% interest.

In 1925 I was ordered to pay and being nothing else to do I agreed to pay in installments. I pay monthly rates and on January 1st, 1928 if I could pay 3000 francs the court order will be cancelled.

Now come my present wife and this summer she had to have a bad operation on her teeth. It cost us about 750 marks to Dr. Schneider and I make 300 marks monthly payments.

This debt and some others worry me and I need the money to give me an advance on my salary so I can pay my debts and taxes. I have lived since December with my wife in one room and believe otherwise I am not a very bad spender. I have only bought very necessary things and have nothing left over.

Dr. Buchner also wants an extra 50 marks for my wife having a baby.

Excuse me for this appeal but allow me to use your name in this case and may I have an answer in the near future, if this can be done.

## William Allen Takes His Life By Shooting

According to word received last evening by Warren relatives William Allen, formerly of this city, but who has resided at South Gate, Cal., for the past nine years died Wednesday morning of a gunshot wound. Outside of the fact that the telegram received said he "shot himself" no details have been received as to whether the shooting was accidental.

Mr. Allen resided in Warren for many years and was employed at various times at the Struthers Wells plant and at the Penn Furnace and Iron shops. He was a welder and since going to California has conducted his own business enjoying a prosperous business.

One brother Roy Allen, Nasmith street, and one sister, Mrs. Bert Lindsey, of this city survive with his wife, his mother of South Gate, Cal., three sons in the U. S. Service and one daughter.

## Ready Garage For New Cars Due In October

Don Smith has returned from Buffalo where he conferred with the Buick officials and was assured that the new Buick models would soon be rolling off the assembly lines. Mr. Smith has returned and with his customary energy has started getting the Buick garage and display rooms in readiness for the new cars. Paint is being applied and everything put in ship shape for the display.

"We will not have too many cars," said Mr. Smith. "We understand there will be about 25,000 turned out before January 1st, and of course, we will have our share. Warren has always been a great Buick town and when the new cars once begin to come into the market in sufficient quantities the streets will soon again be full of Buicks."

According to Mr. Smith news is expected next week relative to the production of Dodge and Chrysler cars.

### GIRLS BOTHERED COPS

There was a change in the pattern of police work last evening when the police had a recess from boy trouble. They were called upon to pick up two teen age Clarendon girls and return them to their home. One girl 14 and one 16 had been missing from their home since August 25. Police found them and notified their parents. Another girl did not return home at the accustomed hours and she was rounded up, given a severe lecture and taken home.

### WRECK DELAYED TRAIN

Train No. 581, westbound, was over an hour late in arriving in Warren this morning as it had to be detoured from Emporium via Clean due to a wreck in the Ridgeway yards. According to reports reaching Warren, a freight, W5, westbound, was struck by two pusher engines near the water tower in the Ridgeway yards. The pusher engines were badly smashed and a few yards of track were torn up. Repairs were made so that eastbound passenger train No. 8970 got through this morning without trouble.

## Discuss Plan for Memorial to Servicemen

Committees from the Chamber of Commerce and the Town Council held a meeting yesterday afternoon in the office of Borough Auditor Sidney Blackman to discuss the proposed living memorial for World War Two servicemen. The suggestion made that a modern athletic field be installed was won favor about the town and the committee gave this attention. It was decided that before any action can be taken either for or against the proposal that the matter of cost must be given attention. To that end it was decided to have Borough Engineer C. W. Wier prepare a tentative plan and cost estimate. When this is prepared the joint committees they will be better prepared for a discussion and decision. As soon as a date is in hand another meeting of the committees will be held.

## Dragons Hit Stiffer Drills As Season Opener Nears; New Rule Changes Are Announced

Warren High's Dragon gridiron enthusiasts, as anxious to move into battle as their followers are to see them in their initial action, continued practices today, with heavy scrimmages and tough calisthenic drills highlighting the afternoon. J. B. Leidig's cohorts open the season come Saturday afternoon when Artie Amann brings his small, but prospective Youngville Eagles to Russell Field for the annual 2:30 opener.

Season tickets went on sale yesterday at the High School and may be obtained also at the game Saturday, or any games thereafter. The 1945 schedule also came off the press yesterday morning.

Following the Eagles, the Blue and White aspirants face much tougher competition on Monday afternoon when coach Ed Thomas accompanies a tough and hardened bunch of Erie Academy grid-ers here for the annual Labor Day meeting, the last of its nature due to recent rulings which prohibit games being started so early in September.

Several rule changes have been made public, but only two will have actual effect on the players. Dr. Frank P. McGuire, commissioner on officials for the PIAA, stated that "mots of the changes are of a minor nature, and were made to clear up bugs we found in the rules last year."

"One of the most drastic changes adds illegal motion and illegal shift to that section defining off-side—when the ball does not remain dead at the snap—and consequently the referee will withhold his whistle until the completion of the down," said McGuire.

He explained that for offside a penalty of five yards is inflicted that can be declined by the offended team.

The penalty for illegal motion and illegal shift can also be declined, which accounts for the referee withholding his whistle on

these infractions in all future games.

"There will be no cheap touchdowns in scholastic ranks such as you occasionally find in college football," McGuire said in explaining another rule which states "any kick which goes into the receivers' end zone becomes dead as soon as it touches anything on or behind the receivers' goal-line."

Other rules that have undergone slight revision provide that a tee of dirt not over three inches may be used for a kick-off or other free kick; the offside rule to penalize a team for having men "too far behind the receiver's free-kick line" to be changed; players be protected by providing that "elbows can not be used as a striking weapon in blocking"; players be penalized for intentionally discarding the ball after it has been first touched by the defending team.

Approximately thirty boys have turned out to greet the new Eagle mentor, Artie Amann, former Duquesne University and Warren Red Jacket performer. Youngville's attack will consist mostly of field plays, with little passing expected so early in the season.

The Eagles are extremely small, but several veterans have returned to the fold. Chuck Murphy, tackle, Andy and Ben Randinelli, both backs, Chuck Jones, fullback, and Bob Freeborough, end, have all seen action.

As for the Dragons, slight injuries have handicapped Leidig for (Turn to Page Twelve)

## Tom Harmon, Hutson Spark Chicago Tilt

BY JERRY LISKA  
Chicago, Aug. 30 (AP)—Post-war football makes a roaring debut tonight when the College All-Stars and the Green Bay Packers clash in a charity spectacle that will pack 92,000 fans into sprawling Soldier Field.

This colorful harbinger of the first post-war season since 1941 will send the favored Packers, National Football League champions, against 65 of the best collegiate players produced in the past five years.

The Packers, spear-headed by the finest pass-snatcher in the business, 32-year-old Don Hutson, were 7 to 5 choices as they sought the seventh professional triumph in the 12-year series. The All-Stars won three games and two were tied.

An All-Star victory, however, would hardly stun the capacity crowd since the Collegians are coached by crafty Bernie Bierman of Minnesota whose 1938 All-Stars decimated the Detroit Lions, 7-7.

Long departed from their respective campuses such stellar performers as Charles Trippi of Georgia, Tom Harmon of Michigan, Bob Kennedy of Washington State, Ernie Bonelli of Pittsburgh and Johnny Strzykowski of Marquette will carry the mail for the All-Stars.

Harmon, especially, will be a man against men in the fray. The Wolverine All-American halfback finished college in 1940 owning the Big Ten scoring record formerly held by Red Grange. Harmon enlisted shortly after the 1941 All-Star game and has been away from the gridiron since.

## Forgers Meet Jamestown In State Finale

Baseball, faced by onrushing football, starts bowing out tonight when the National Forge Club tangles with Joe Nagle's ace Jamestown Steel Furniture Bombers on the State Hospital diamond at six o'clock. From there on in, probably only one more local game is on deck, the Forge-Wellsville encounter at Wilder Field, Monday afternoon at the NFO Company picnic.

The NFO's have one last chance to even their score with the New York staters this evening, the Bombers having defeated the Forge twice and the Forge having collected one win. Jamestown scored another win over a combination of Forge and Independent players, which was not termed an official Forge meeting.

"Dazzler" Hines, who has not seen action since the Franklin game, and then only to face two batters, will go on the mound against probable Lefty Pratt, slugging Bomber outfielder.

Hines said this morning that veteran catcher Harry Rosequist, benched by an injured hand, will be back in tonight's lineup. Morrison, Natale, Fehman and Henning will fill out the infield, and Dick Geigerich, "Elmo" Wolfe and Nick Creola will patrol the outfield.

On Sunday afternoon the Forge goes to New Richmond, where they will play a return engagement with "Doc" Bertram's Maple Lawn outfit and on Monday face Wellsville.

This evening's game will start promptly at six o'clock.

## Behind the Lines

Sports Medley

TOUGH: Only three homers have been hit all season in the Washington baseball park, the largest in the majors. Eddie Lake, of Boston; Rudy York, of Detroit, and Milt Byrnes, of the Browns, are the athletes who accomplished the feat. Not one four-baser has been hit at home by a Senator player all year, whereas, on the road, they have 11 to their credit up to the first of August.

TWILIGHT: Detroit Tiger fans really go for twilight games. These contests have averaged better than 11,000 per game from 1942 to date, the one played the evening of June 20 drawing more than 20,000 paid spectators.

HANDICAPPED? Pete Gray, one-armed outfielder for the St. Louis Browns, won the second game for his team in a double-header with the Philadelphia Athletics on July 4, when he singled home two runs in the 9th off ace Philadelphia pitcher, Russ Christopher. The Athletics won the first game. Bert Shepard, one-legged war veteran, now transferred from coach to active player, went four innings in his first mound appearance for Washington to get credit for a 4-3 edge in a charity tilt with Brooklyn on July 11.

FIGHTERS: Of the 265 American League players in armed services as of July 15, only one, Charley Keller, former Yankee star outfielder, was in the Merchant Marine. Of the others, 153 were in the army, 92 in the Navy, and 20 in the Coast Guard.

## Browns Edge Benton For 5-4 Win, Cuts Tiger Lead To 1 Game; Chicubs Down Bucs

By JACK HAND

Associated Press Sports Writer  
Al Benton's form reversal has Detroit fans guessing today with the early-season sensation running a three-game losing streak and the Tigers' lead sliced to a single length.

The ex-sailor who started the 1943 campaign with five successive victories hasn't been pitching bad ball but he hasn't won since Aug. 8 and hasn't finished any of his last five starting jobs.

The Boston Red Sox, New York Yankees and Washington knocked him off the hill, the Philadelphia Athletics and Cleveland shaded him after he had given way to a relief artist and last night the St. Louis Browns beat him, 5-4.

Benton's defeat by the Browns came at the hands of Bob Muncie, a crafty right-hander who is the hottest thing in the league at the moment. His sore arm almost cost St. Louis the pennant last summer and he hasn't pitched an away fro home game this season because of his job in a war plant but Muncie has the best win record (10-2) in either league.

Washington fumbled another

chance to close in on the Tigers when they split a two-night double-header with Philadelphia, taking the first 3-2, with the help of a double error by catcher Greckle George but bowing in the finale, 2-1.

Lefty Vic Johnson chilled New York's chances of moving ahead with a 1-0 job on behalf of Boston. A Cleveland at Chicago tilt was postponed because of wet grounds.

Cincinnati's tattered Reds, who had won only four of their last 25 before St. Louis came to town, continued to blast the Cardinals' hopes of repeating by making it two in a row, 3-1.

Chicago stretched its National League advantage to 4½ games by knocking off Pittsburgh, 2-0. Artie Ray Prim wilted in the 9th degree heat. Hy Vandenberg came on to complete the whitewash job against Nick Strinevich.

Two unearned runs against Philly Dick Barrett enabled Brooklyn to keep its flag hopes alive with a second straight 2-1 verdict behind Curt Davis.

Everybody reads the Times-Mirror.

## He Wanted to Be Alone

That apparently was the attitude of K-Doe-Doe, left, who tossed off his rider, Freddy Smith, as horses left gate in American Derby at Homewood, Ill. The horse finished badly as he started and Fighting Step grabbed the \$68,950 event with War Jeep, the favorite, coming in second.

## Nick Russo Blanks Gracemen To Even Y-Church Softball Series; Play Again Friday

Errors again proved fatal in the YMCA-Church softball league playoffs, held last night at the West Side diamond. The St. Joseph's outfit, first round victor, evened up the series before over 150 fans in a rugged, grueling battle at the Catholics' home field, 4-0.

The St. Joe win last night sends the two teams into battle in the third and deciding game of the city softball title Friday night on Beaty Field at six o'clock.

Winning hurler Nick Russo was nipped for nine hits and gave up three walks while fanning seven. His opponent, Erv Rader, allowed

the winners only six hits, one walk, and a strikeout, but five errors by his mates proved costly.

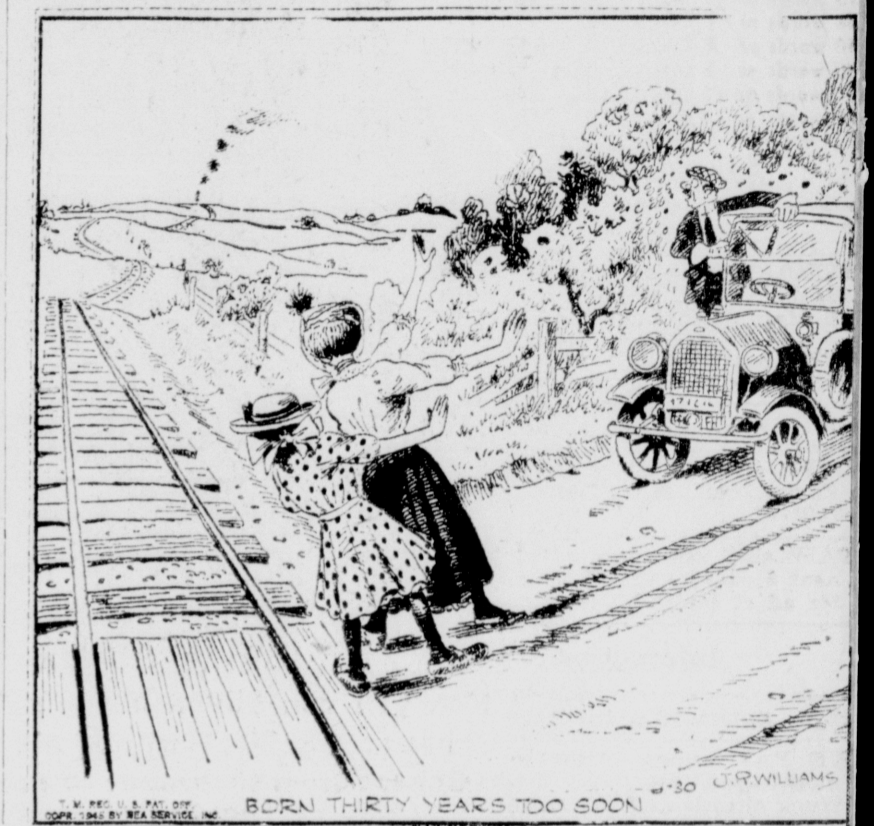

Last night's affair was almost a duplication of Monday night's encounter, the winning team being outthrust and the losing team acceding its loss to errors.

For the first three innings, both crews were held scoreless and St. Joe's went three up and three down in all three innings while Grace Methodists left runners stranded on base in each inning.

In the last of the fourth Bill Massa singled, went to second on (Turn to Page Twelve)

I've been accused of being a "Yes Man" . . . and come to think of it—I am! That is, I like to say "Yes" when people ask for a loan. Which is only logical, after all, for the more times I say "Yes" the more loans I make. And since making Personal Loans is my full-time business, that's mighty important to me.

\* Usually I can say "Yes" in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why Personal is so often able to make loans that others cannot.

\* Of course—once in a while I can't find a way. That's natural. When that happens, I personally sit down with the customer in a private office and discuss the situation frankly, on a common sense basis.

Like most people, I don't believe in unnecessary borrowing . . . but when a loan is needed or to your advantage, I'll be glad to say "Yes". Anytime you need extra cash—see me, won't you? Jamestown Man Has Strange Premonition of His Demise

Wayne N. Cheney, aged 78, 114 Crescent street, Jamestown, N. Y., came to a sudden death from a heart attack but not without warning about one o'clock Wednesday afternoon on Smith hill in Brokenstraw township, while estimating a timber stand in company with John Cochener, of Pittsfield.

According to Mr. Cochener, who walked four miles from the scene of the tragedy into Youngsville to report the death of the Young funeral home and later to the coroner, he and Mr. Cheney had spent the morning on the hill looking over the timber tract. During the noon hour Mr. Cheney asked him what time it was and Mr. Cochener informed him it was 12:30. The Jamestown man said he believed he would rest for a while. Later when Mr. Cochener saw him, Mr. Cheney stated he believed he was having a sun stroke.

The body was ordered removed to the Young funeral home, and relatives in Jamestown notified. They ordered the remains taken to the Henderson & Lincoln funeral home in that city. Plans for the services have not been announced.

It is understood that Mr. Cheney was making the inspection of the timber tract for the Holgate Toy Co. of Kane. He is survived by his wife, two stepchildren, and a sister, Mrs. Sanford DeBell, of Falconer.

A certificate of death from a heart attack was issued.

General M'Arthur Sets Up Headquarters in Yokohama After Sea and Air Invasion

(From Page One) runway at three minute intervals with clock-like regularity, disgorging 7,600 paratroopers, garbed in battle green and fully armed. MacArthur called the cheers and music which greeted him "the sweetest music I ever heard."

The five star general, wearing his inevitable dark glasses and smoking a long stemmed pipe, was accompanied by his chief of staff, Lt. Gen. Richard K. Sutherland.

Wainwright Visibly Shaken On Return to Manila

(From Page One) might since he commanded his pitifully inadequate forces on Corregidor less than four years ago. Despite his long imprisonment since his surrender of Corregidor, and the wearing air trip from Chungking, he looked no greatly different from the Wainwright photographed during the surrender talks with Japanese General Homma in 1942.

The Wainwright party will be given anything it desires, on the orders of General MacArthur, according to Col. Sid Huff, Salamanga, N. Y., who said the supreme commander told him to "give them the best we have."

Fixed Force of 400,000 For Germany

(From Page One) He said the intensity of mutual suspicion among Allied powers in Germany was giving way in the face of frankness and honesty. He said his recent trip to Russia revealed to him that many things that showed remarkable planning for the welfare of the masses.

It was Eisenhower's first formal press conference in Berlin. The American commander was in a smiling mood. He had just emerged from a meeting of the Allied Control Council.

Yokosuka Naval Base, Tokyo Bay, Aug. 30—(P)—Five hours after the first United States marine stepped ashore on Japan two Nipponese admirals formally surrendered this shattered home base of her vanished fleet to American commanders in a brief ceremony. The surrender was held on a pier by the side of the cruiser San Diego under the shadow of a giant skeleton port crane, beneath a blazing sun. It was hardly a ceremony to bolster the ego of a saving, pageant loving Nipponese naval officials as they yielded control of the Japanese navy's administrative center.

"From Melbourne to Tokyo was a long road," MacArthur said before leaving for Yokohama to set up his headquarters. "It has been a long, hard road. But this looks like the pay-off."

Mr. and Mrs. James Fitzgerald and daughter Andrea, with Mr. and Mrs. Kenneth Clark and son, Mr. and Mrs. Cecil Fitzgerald and children and Mrs. Eleanor Schneider, of Warren, enjoyed a picnic at Canadota Lake.

Lois Jordan is visiting her aunt and uncle, Mr. and Mrs. Paul Mitchell, at Spring Creek.

Barbara Ann Church, of Meadville, is spending her vacation with her grandparents, Mr. and Mrs. Ferny Church.

Mr. and Mrs. S. M. Gruber, of McKeesport, are visiting Mr. and Mrs. Del Clark and family.

Miss Joyce Jordan returned to school in Erie, after spending the weekend with her parents, Mr. Lutton and son Albert, of Greenville, were Friday guests of Mr. and Mrs. Bill Johnson.

Marjorie and Marie Brown are home for a short vacation. Marjorie will teach at Meadville and Marie at Russell.

The Fraehold Grange held a basket picnic at Cornish, stand on Saturday, August 25.

Mr. and Mrs. Hubert Johnson entertained the latter's brother and family, of Buffalo, last week.

Mrs. Helen Flick, of Meadville, was at the home of her parents, Mr. and Mrs. Del Clark, Saturday. Her daughter, Betty Lou, who has been spending the week with her grandparents, returned home with her mother.

Miss Linone Jordan attended a shower at Roger Trisket's in honor of Ellen Jensen, who is soon to become a bride.

Yank Fliers Relate Tales of Torture

(From Page One) Ted Hauser, North Hollywood, Calif., and Seaman 1/c Jens Martin, Brooklyn, N. Y., and Richard C. Warner, Dalton, Ill.

Elfer and his bomber crew were shot down May 17. The navy men were on a plane which crashed June 26, following an attack on a Japanese convoy of three destroyer escorts, a picket boat, three cargo transports and two troop transports north of Shanghai.

When Japanese rescuers picked them up, Pallack saw about 1,200 men swimming around from a troop transport that had been sunk by the bombers.

"As the Japs picked up the swimmers each greeted us by slugging us," Pallack related. "We were locked in vegetable bins and beaten every couple of hours."

"The next day on reaching Shanghai we were really beaten up by Jap enlisted men taking turns hitting us."

Other tortures included the tying of their hands behind their backs and then being raised with a cord around their necks.

Two Brothers Have Reunion In Germany

Probably back in the good old days, brothers Pfc. Angelo J. Carliola and S/Sgt. Pfc. Frank Carliola, 11th, dreamed that some day they would have a reunion in Germany.

The sons of Mr. and Mrs. Dominic Carliola, 1511 Pennsylvania avenue, west, recently had that experience when, by a lucky break of army fate, their paths were crossed on July 13 after about two years separation, just before Pfc. Angelo left for service.

S/Sgt. Frank has been recently discharged, August 18, with 127 points. He has been awarded the following decorations: Purple Heart with one Oak Leaf Cluster, Good Conduct Medal, European, African, Middle Eastern service medal with six bronze stars, the American Defense Service medal, Combat Infantry Badge, southern France, Central Europe, and Normandy.

Pfc. Angelo Carliola is a switchboard operator in a railroad station in Germany, and is expected home within a few months. He holds the Purple Heart and left for service September 20, 1943.

several days. Jack Hamilton, slated for an end post, wrenched his right knee Monday, but is back in practice. Two other varsity men have also had minor hurts.

The backfield's performance this season will depend a great deal on the status of the line. Leidig is expected to make frequent shifts in the opening encounter to determine the most powerful forward wall. Hamilton, Neil Simmons, and possibly Bob Gerardi, who may be shifted from the right guard

post, will form the left side of the front line. Al McNally, John Knapp, and Art Juliano, along with center Johnny Tanner, will fill out the remainder.

Jim Sealise, who with Gerardi, is a returning letterman, is being groomed for the tailback spot, while Louis Bonace, also short, heavy, and fast, will enact the backfield brainwork. Dave Lopez and Ed Wollaston, both juniors and excellent prospects, will take over the halfback positions.

The Dragons' offensive will consist both of running and passing attacks, with Lopez slated to do the majority of the armwork.

Erie Academy's eleven will probably be, as usual, strong and powerful and using a swift running machine and thwarting air barrage. Monday's encounter also begins at 2:30.

### Nick Russo Blanks Grace-men To Even Series

(From Page Eight)  
ed home with the initial run when pitcher Nick Russo doubled into an error by Armstrong, then raced left field.

In only one inning were the Grace Methodists unable to put runners on base. In the ninth, the Catholics sent the losers three up and three down, the only time in the ball game. St. Joe's had five innings in which only three batters faced Bry Rader.

The Gracemen again muffed chances to score in the sixth and seventh frames, putting men on base but failing to drive them home. A much-strengthened St. Joe's defense, after Manager "Shay" Font had shifted his lineup, held Grace from causing any damage.

Again in the seventh, the Catholics pushed across a single tally. George Lucia singled, then went to second on Russo's one-base knock. Gib Knapp hit to short center, but an error by Bob Belz sent Lucia home with the second run. Possibility of two more runs was crushed when both Russo and Knapp were caught off base at third to end the inning.

In the last of the eighth, Font opened up the two-run frame with a double, advancing to third on a passed ball while Peterson walked. Ghers went to first on Harrington's misplay at short, loading the sacks with no outs. Denardi popped out to Jewell, followed by a smashing double off the bat of Billy Massa, which sent the two runs home. Tome and Russo popped up to end the inning. Grace failed to come through in its half of the ninth.

### Pastor Drury To Farewell Sunday Night

The Rev. L. W. Drury, for the past eight years pastor of the Warren Pilgrim Holiness church, will preach his farewell sermons this Sunday at 11 o'clock and 7:30 o'clock. During his ministry here in Warren the church has made splendid advancement. A church and parsonage was purchased and extensive repairs have been made on the church building. Numerically, the Sunday School has had an increase of 90%.

Pastor Drury leaves Sept. 5th for his new charge in Elizabeth, Pa., his home town. The Elizabeth church is larger and presents a splendid opportunity as they are in a building program and have the new church practically completed.

It is with regret that the church bid farewell to Rev. and Mrs. Drury and their two sons, Elmer and Keith, but they wish them success in their new field of labor. Rev. John Abbott will be the new pastor and will move to Warren on the 6th of September. Further announcement relative to the new pastor will appear in a later issue of the paper.

### Men Needed For Merchant Marine Now

Lieut. Hank Rosen, representing the Recruitment and Manning Organization of the War Shipping Administration, opened a two day drive for Merchant Marine recruits in Warren today.

"The need for experienced seamen in the Merchant Marine is more urgent today than ever before. The huge task of bringing the boys home, supplying occupational forces and keeping Europe from starvation, must be accomplished by the Merchant Marine alone," Lt. Rosen said.

Lt. Rosen's headquarters is the U. S. Employment Service Office, 224 West Penn. Ave., today and tomorrow from 9:30 a. m. to 4 p. m. Only experienced seamen need apply.

### BEHIND THE LINES

(From Page Eight)  
10 in the Coast Guard, 6 in the Marine Corps, and 3 in the Canadian forces.

TOPS: Christy Mathewson is the only National League pitcher ever to win 30 games for four seasons. Furthermore, Christy had seven other campaigns with the Giants in which he copped 20 games or more.

CLANCE: Seven clubs in each major league can't be counted out of the pennant race. Seventh-place Cincinnati, 10 behind the leader; Chicago, in the Nationals, and Cleveland in 7th position, 8 behind Detroit in the American, (as this is recorded), could cause plenty of headaches to the six teams ahead of them, with a sustained winning streak. And one-third of the campaign still ahead! Too soon to pick the flag winners!

HERE AND THERE: Warren High's football team may have another assistant coach soon. He's a former local man who went to a small town to teach school and coach, also. . . George Sturmes, of the Yankees, has never been ejected from a game in his three-year-old American League career. . . Phil Marchildon has added his name to the list of those who have come back from the wars. He made his first start in more than 3 years, having been in the P.F.A.F. against the Senators last night and held the Nats to two hits in five innings. . . Orlo L. Robertson, general sports editor of the Associated Press, has resigned his post to accept a position with the U. S. Trotting Association. He will be succeeded by Robert J. Cavagnari. . . A number of H. S. gridgers have dropped out of the picture due to the "grind" being too tough.

Well, two more days and once again you'll start toward Russell Field. Now that baseball has all but completed its 1945 appearance, football, the first post-war season since 1941, comes marching in stronger than ever in most places. The grand old classics, Army-Navy, Army-Notre Dame, Navy-Notre Dame, and hundreds of others will be on your sports calendar for the season. The Green Bay Packers and the Collegiate All-Stars start the ball rolling tonight when the two clubs gather at Chicago's Soldier Field. The game will be broadcast over MBS starting at 9:30 and lasting two and one-half hours.

Wrap scissors in waxed paper to prevent them from rusting during the hot humid weather.
